A project to gather information from communities that will provide a picture of where the youth world is at.

To identify where we are and where we are going.

## WHAT'S IT FOR?

We want to find out about what you do, what you would like to be able to do, what kind of young people you work with, what barriers you face when working with young people and discuss some potential solutions for these barriers.

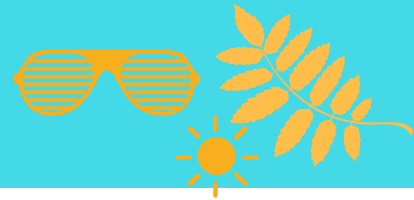

## WHAT WILL IT ACHIEVE?

This information will provide a fresh resource to assist the youth sector to be relevant, resourced, strengths based, inclusive and future ready.

It will help us to understand the nuts and bolts of youth service provision and young people in the Tauranga Moana.

The information will form a document that will assist the community, decision makers, funders and the like to better understand the youth sector. Your identity will be kept anonymous and the information you provide will be purely for the use in this project.

The document will be available for your reference upon completion of the project.
